

COOKIES POLICY

The website www.europair.com (hereinafter, 'the Platform' or 'the Website', both terms used interchangeably throughout this text) owned by Europair Broker S.A. (hereinafter 'Europair'), uses cookies to enable, enhance and make browsing the Website easier, as well as analysing how the Website and its features are being used and, where applicable, to display ads based on your preferences, necessities and surfing habits. Accessing this Website may involve installing cookies on your terminal equipment (computer, smartphone, tablet...).

We encourage you to carefully read this document in order to find out further information on this technology, the purposes for which it is being used on this Website and how you can manage its use or disable it.

1. Information and consent

In order to comply with the applicable law, the first time that you access the Website a visible notice will be displayed with brief information about the use of cookies, including its typology, a link to this policy and a reference to the possibility to manage or disable them.

It shall be deemed that, by continuing browsing this Website, you agree that we install cookies in your terminal equipment and to use them (you may find further information in section 4 of this document).

2. What are cookies?

Cookies are small text files that are placed on your terminal device when browsing the Internet (computer, smartphone, tablet...) as a consequence of visiting certain web pages or enjoying some of the services they offer. These text files allow the storage of information that can be accessed and used by the websites' owners for several purposes. Depending on the purpose for what this information is used, there are five different types of cookies:

1. Personalisation cookies: these cookies enable to show an optimised version of the Website, adapted to factors such as Users' location, the language, the web browser...
2. Technical cookies: their function is to provided smoothness and comfort when browsing the Website, as well as to strengthen its security. For instance, they allow users to stay signed-on.
3. Analytics cookies: they allow us to gather information to statistically assess how Users browse the Website and to understand factors such as the keywords they typed to arrive to our site..
4. Advertising cookies: their purpose is to manage the advertising spots in the Website, including factors such as displaying ads related with the contents of the web page or measuring how often they appear to a specific user.
5. Behavioural advertising cookies: their purpose is to manage the advertising spots in the Website in order to offer Users advertising based on their behaviour while browsing and their preferences.

Cookies can be "persistent" or "session" cookies, depending on the time they remain on your terminal device. While persistent cookies remain on your computer even when you have gone offline, session cookies are deleted as soon as you close your web browser.

It is possible to manage and disable the use of cookies at any time. For further information, please read [How to manage and disable cookies](#) section.
